Re: REQUEST FOR IMPEACHMENT OF PRESIDENT BARACK OBAMA

RE: REQUEST FOR URGENT PROTECTION ORDER

TO: Whomever this may concern,

I **Sumayah Hodges**, a constituent who wants President Obama impeached. In violation of his constitutional oath faithfully to execute the office of President of the United States and, to the best of his ability, preserve, protect, and defend the Constitution of the United States an in violation of his constitutional duty to take care that the laws be faithfully executed, has willfully corrupted and manipulated the judicial process of the United States for his personal gain and exoneration, impeding the administration of justice, in that

On January 20, 2009 President Obama swore to tell the truth, the whole truth, and nothing but the truth before a Federal grand jury of the United States. President Obama has been in direct violations of the laws of this nation and the Constitution

1. He has violated his oath to defend the United States Constitution
2. He has refused his Assent to Laws, the most wholesome and necessary for public good.
3. He has attempted to annul free of speech by setting up an illegal reporting system for attacking private citizens who oppose him.
4. Sumayah Hodges Constitutional rights have been violated and abused by the court.
5. Due process of law is one of the most deeply rooted principles in American jurisprudence, a legal concept that ensures the government will respect all of a person's legal rights instead of just some or most of those legal rights when the government deprived a person of life, liberty, or property. Due process places limitations on laws and legal proceedings in order to guarantee fundamental fairness, justice, and liberty.

6. In this civil action, the government has not respected Sumayah Hodges legal rights. The government has but all ignored Sumayah Hodges rights. This is addressed in detail below, but page limited do not permit full and complete explanation of all the violations and abused committed by corrupted government officials against Sumayah Hodges. A hearing is needed.
7. The Constitution states only one command twice. The Fifth and Fourteenth Amendment say that no one shall be "deprived of life, liberty or property without due process of law." The central promise is that all levels of government must operate within the law and provide fair procedures.
8. In this civil action Sumayah Hodges has been deprived of most rights except the right to pay money and make filings with the court.
9. Due process required that the government respect all of the legal rights that are owed to a person according to the law. Due process holds the government subservient to the law of the land, protecting individual persons from the state. In the Declarations of Independence, Thomas Jefferson set forth the rationale for the establishment of government in a society: to secure the fundamental, inherent, and preexisting rights of the people.
10. In this civil action, the Court has shown absolutely no respect for Sumayah Hodges legal rights. In this civil action the Department of Justice has shown absolutely no respect for Sumayah Hodges legal and human rights. Sumayah Hodges has been denied the most fundamental right to not have her legal rights stolen by a dishonest judge and corrupted government officials and law enforcers.
11. Given the enormous value placed on people's lives and liberty and given recognition of the enormous power of the government, our Founding Fathers wanted to ensure that a few innocent people as possible punished, even if that meant lots of guilty people went unpunished.
12. Procedural due process guarantees protection to everyone so that statutes, regulations, and enforcement actions ensure that no one is deprived of life, liberty, or property without a fair opportunity to affect the judgement or result.
13. In this civil action Sumayah Hodges has been denied the rights to fair trial due to the corruption in the court, the severity of the case which involve dishonest judge, the formal Attorney General of Nevada, investigators,

corrupted law enforcers , conspiracy and the threats on her and her daughters lives.

14. If due process is to be secured, the laws must operate alike upon all and not subject the individual to the arbitrary exercise of governmental power unrestrained by established principles of private rights and distributive justice.
15. In a civil action, the judges should have automatically settle the case in Sumayah Hodges favor due to the fact the former Attorney General Catherine Cortez Masto was subpoenaed to appear in court, she didn't appear in court that day
